Materials for African Languages

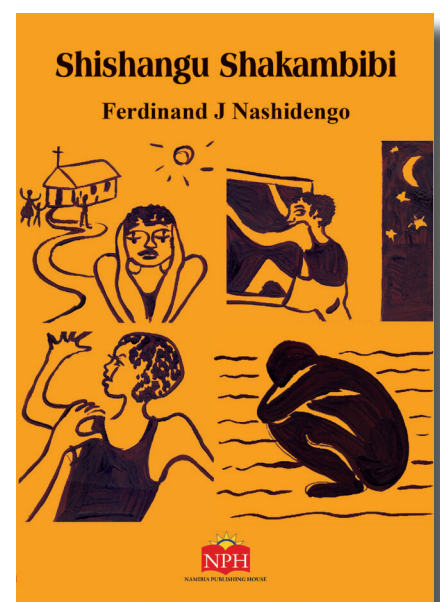

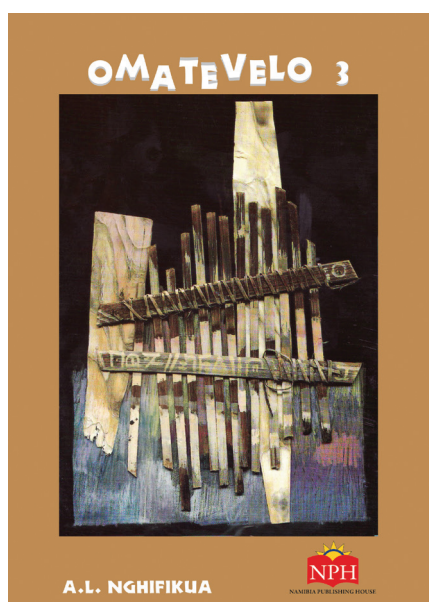

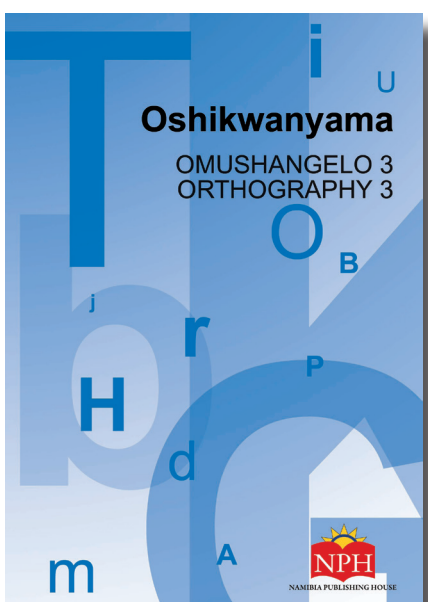

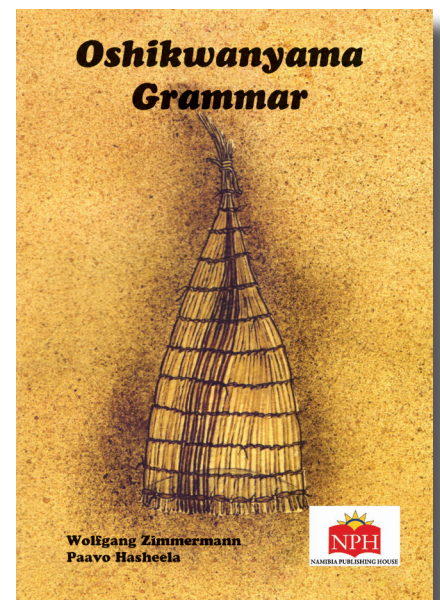

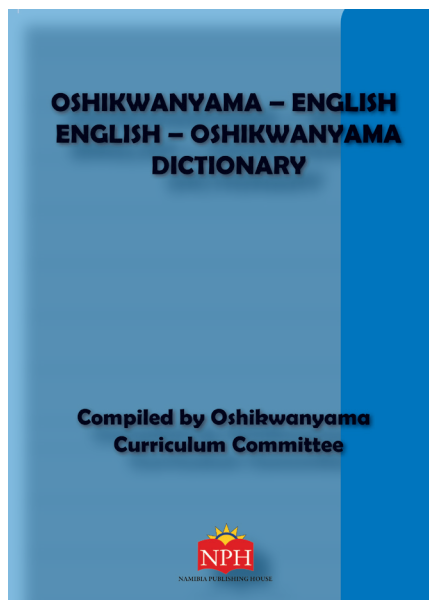

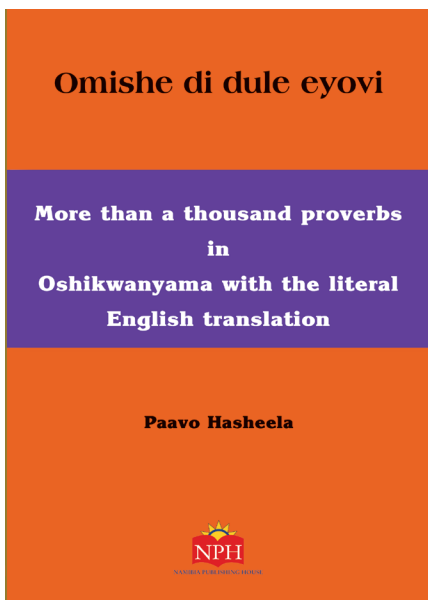

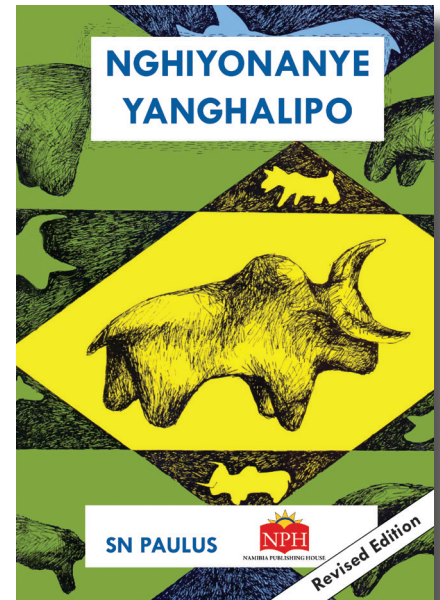

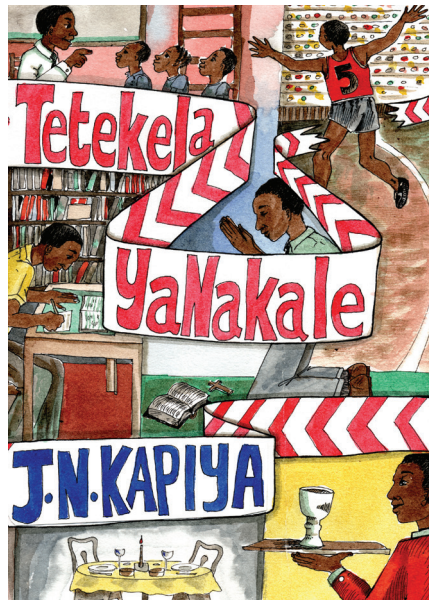

The textbooks for African Languages are grammar series for all learners in Namibia who speak Oshikwanyama, Oshindonga, Otjiherero, Khoekhoegowab and Rukwangali as a first language. These series are based on the current Ministry of Education syllabus for local languages for Junior Secondary Phase. Their goals are: promoting appreciation of the value of the language and its literature; developing learners' confidence and self-esteem; and establishing competence in the use of the language outside the classroom. Above all, the series encourage in learners development of a unique identity in a multicultural society like ours.

Solid Foundations series for Senior Secondary Phase

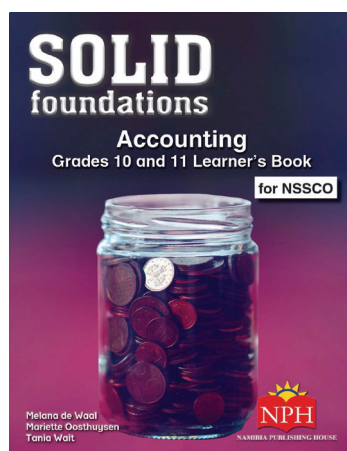

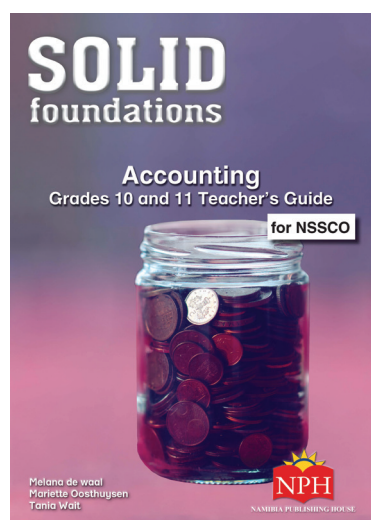

Namibia Senior Secondary Certificate for Ordinary Level (NSSCO for short) and **Namibia Senior Secondary Certificate for Advanced Subsidiary Level (NSSCAS)** are the final examinations learners take at the end of Grade 11 (NSSCO) and Grade 12 (NSSCAS). These examinations are accredited by University of Cambridge International Examinations. In **Solid Foundations** textbooks for NSSCO and NSSCAS, we took extra care to facilitate learners' optimal performance during these final examinations. Our **Solid Foundations** materials enable teachers to develop their learners' higher cognitive skills of analysis, interpretation and evaluation, which are important during the examination.

Our **Solid Foundations** materials for NSSCO and NSSCAS levels enable teachers to:

- ✓ develop learners' skills of analysis, interpretation and evaluation, which are important during both examinations
- ✓ form a sound base for the skills required for further study or employment
- ✓ challenge and motivate learners to reach their full potential and to contribute positively to the environment, economy and society.

Solid Foundations Accounting Grades 10 and 11 Learner's Book and Teacher's Guide for NSSCO

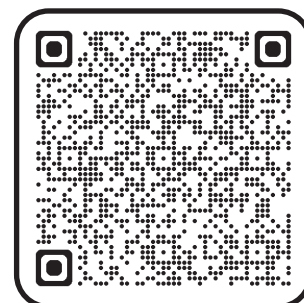

The **Solid Foundations Accounting Grades 10 and 11 course for NSSCO** is written in an easy to understand step-by-step way, making teaching various Accounting terms and processes a smooth experience. The main author, Melana de Waal, is a Namibian Accounting specialist, thus the course follows Namibian Accounting standards, systems and principles.

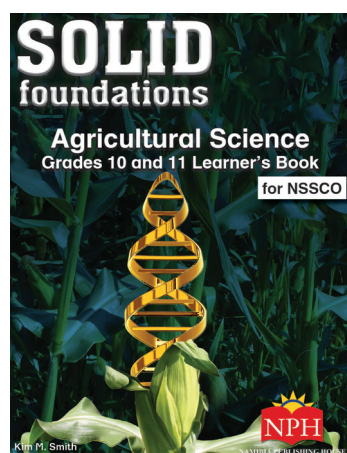

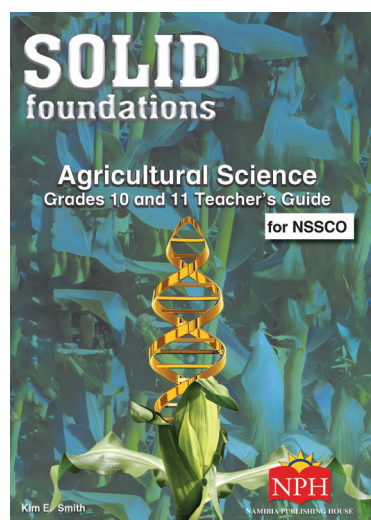

The *Learner's Book* includes worked examples to show learners exactly how to solve an Accounting problem, which they can then use to practise with carefully thought out exercises.

The *Teacher's Guide* provides additional mock examination papers.
